## MEDICINAL.

Gloomy thoughts become habitual to the dyspeptic. He looks on the dark side of things and every mole hill becomes a mountain. His condition affects his business judgment and mars his home relations.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other diseases of the organs of digestion and nutrition. It gives buoyancy of mind as well as health of body because it removes the physical cause of mental depression. It enables the perfect digestion and assimilation of food, and the body is strengthened by nutrition which is the only source of physical strength.

"I was afflicted with what the doctors called nervous indigestion. Took medicine from my family physician to no avail," writes Mr. Thos. G. Lever, of Lever, Richmond Co., S. C. "At night would have cold or hot feet and hands, alternately. I was getting very nervous and suffered a great deal mentally, thinking that death would soon claim me. Always expected something unusual to take place, was irritable and impatient, and greatly reduced in flesh. I could scarcely eat anything that would not produce a bad feeling in my stomach. After some hesitation, I decided to try a few bottles of Dr. Pierce's Golden Medical Discovery and 'Pell's'. After taking several bottles of each, found I was improving. I continued for six months or more, off and on. I have to be careful yet, at times, of what I eat, in order that I may feel good and strong. I fully believe if any one suffering with indigestion or torpid liver or chronic cold would take Dr. Pierce's Golden Medical Discovery and 'Pell's' and observe a few simple hygienic rules, they would soon be greatly benefited and with a little perseverance would be entirely cured."

Biliousness is cured by the use of Dr. Pierce's Pleasant Pellets.

## FOR OVER SIXTY YEARS.

Dr. W. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. Is pleasant to the taste, sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

## HICKS FOR JUNE.

The regular Volcan storm period is central on the 1st, extending to the 5th.

The presence of the Mercury disturbance will prolong the Volcan period, causing cloudy, threatening and rainy weather, perhaps, into the reactionary storms central on the 6th and 7th.

The annual tendency to electrical and seismic disturbances from about the 10th to the end of June will be increased at the Volcan storm period, central on the 13th and covering the 9th to the 16th, an excess of lightning with many thunder squalls, solstice downpours of rain in many limited localities, with scattering tornados or storms and seismic disturbances will be most natural. People are cautioned against taking refuge from thunder storms under trees and similar places at this and all other periods, especially in June.

There seems to be a maximum of lightning strikes among the green, sappy trees during this month. Heavy hail storms, and marked, sudden changes to very cool, may be regarded as certainties in many sections especially in the west and central parts of the country from about the 11th to the 15th, centering on and next to the 13th, the date of the moon's passage over the celestial equator. A few days and nights of much cooler weather will follow the storms of this central Volcan period.

From the 19th to the 21st marked storm conditions will return. The temperatures will rise high, cloudiness and humidity will increase, and will storms of rain, thunder and wind will pour eastward over the continent. All through this part of June there will be an abnormal tendency to constant and startling displays of lightning. However, as a rule, these solstice displays of electricity are harmless.

Reactionary storms beginning about the 19th, will most probably run into the regular Volcan storm period covering the 22nd to the 27th. From the 22nd to the 27th there will be many storms of rain, hail, wind and thunder. Some of the greatest downpours of rain for the summer, amounting to cloud-bursts in many sections, may be looked for at this time. Continued showers will entail great loss upon harvesters, while exposed structures and properties along narrow defiles and valleys are liable to severe loss and damage. Reactionary storm conditions will be in transit from west to east as the month goes out.

**WANTS TO WIFE THEM OUT.**—Col. Frank D. Baldwin, of the Fourth United States Infantry, has telegraphed to Brig-Gen. George W. Davis, in command of the United States troops in the island of Mindanao, that he does not expect to establish satisfactory peace conditions in the Lake Lanao district until the default element is wiped out. The natives pretending to be friendly, he says, are urging that this be done, as their own lives are in jeopardy, "which," the Colonel adds, "we are the highest sense under obligations to protect." "The default element," continues Col. Baldwin, "respect nothing but power and the sword. They will destroy all other human beings until they destroyed themselves." Gen. Davis replied that to meet the emergency in a way suggested would necessitate the capture of every fort by admitting the troops as friends, which was forbidden under existing orders. Arrangements are being made for the removal of the military forces from several places in the department of the north Philippines. Cholera is abating at Manila.

**STRIKE THREATENED IN MANILA.**—The labor troubles which have been brewing for a month in Manila, are now on the eve of coming to a head. Three of the largest American employers of Filipino labor have been notified that they must advance salaries 50 per cent. all around May 31 or face a strike. One firm which three years ago paid its employees \$3 per week is now paying them \$30 weekly. This firm says a further advance is impossible. It is the intention of I. Abalos Delos Reyes, the organizer of labor associations in Manila, to secure an increase of wages in all trades or force a general strike. The merchants are alarmed at the outlook. They say Filipino labor costs more now, in proportion to the result, than American labor. The wages now are from five to ten times higher than under the Spanish regime.

When you wake up with a bad taste in your mouth, use Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure biliousness, sick headache and constipation.

**Don't Start Wrong.**  
Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sore cure for coughs, cold, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure" is the best cough medicine I ever used," says J. W. Bowler, Groverton, N. H. "I never found anything else that acted so safely and quickly. For sale by E. S. Leadbeater & Sons.

## MEDICINAL.

**More Harmful Than Alcohol**  
**Overeating Worst Form of Intemperance.**

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man, to the extent of the underfeeding, is crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloading the stomach exceeds that by the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonic contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest fatulness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Lemuel James, Marysville, O., says: "I suffered from dyspepsia for thirty years. A few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."
